

TIE BREAK PROCEDURE

SEEDING TEAMS INTO BRACKET PLAY

At the conclusion of pool play, all teams will be ranked and seeded into bracket play according to their win/loss records. Should there be any ties, they will be broken via the following procedure/criteria:

1. Best win/loss record.
2. Head to head competition (used only when two teams are tied; if three teams are tied, go to #3 below)
3. Least runs allowed.
4. Most runs scored.
5. Tied teams will be ranked based upon a random draw.

Note: A tie game is considered a half win and a half a loss.

Any forfeited game will be recorded as a 7-0 victory
